A 60-day Notice requesting public comment was published in the **Federal Register** on December 30, 2014. This comment period ended March 2, 2015. No public comments were received from this Notice.

Description: CNCS seeks to implement case studies of selected FGP grantees that are implementing two similar national education models in various service sites. The

information is designed to allow CNCS Senior Corps administrators to understand the process and experiences of grantees as they implement national education models including member and beneficiary recruitment, member training, program structure and processes, program modifications specific to FGP, scope and reach of the various projects, and observed outcomes for members and beneficiaries.

The case study instrument will involve interviews and focus groups with current and former FGP project administrators, staff including site supervisors and volunteer coordinators and volunteers at two sites implementing each of two different models – Jumpstart and Reading Partners. Potential sites for inclusion in the study have been drawn from existing and former grantees implementing two national models, Jumpstart and Reading Partners.

Interview and focus group data will be collected via taped and written responses to telephone conversations. Data analysis will focus on identifying and understanding factors associated the process (opportunity costs, benefits, obstacles and preparation) related to the decision to use a model approach to tutoring and educational interventions.
